

Good Evening,

On Wednesday, May 13th, the Wisconsin Supreme Court overturned the state's Safer at Home order. With this ruling, businesses now have the right to be open.

Public health will continue to monitor the COVID-19 pandemic and has the obligation to address any outbreaks or spikes that occur. Should this happen, orders may be issued accordingly.

Local businesses will now play a big role in protecting customers and staff. Local, state, and national resources are available to help businesses adapt best practices.

Attached is a press release regarding Wisconsin Supreme Court Overruling the Safer at Home Order and Preparing to Reopen Safely, Responsibly, and Confidently.

We will continue to send information as it becomes available.
